

How to Register for the 2016 Hemophilia Walks

Go to **www.hemophilia.org/walk**

Look for the boxes that say "NC Charlotte" or "NC Raleigh" – this will take you to the local chapter's Walk Registration page for your city of choice.

Click on "*Register*" at the top left side of the page. If you participated in either the Charlotte or Raleigh Walk last year and remember your username (and password), you can use it again for this year's walks; just enter your login information. If you don't remember your username or password, click the link "Forgot your username or password?" found below the Login box to request the information. You can always create a new username.

Agree to the Waiver. Click "*Submit*."

Choose your participant type. Are you an individual, are you the Team Captain and creating a team, or are you joining an Existing Team and becoming a Team Member?

To Start a Team: Select 'sign up'. Select your Team Category. Is your team comprised of family members, a school, a business, or other organization? Enter your Team Name, Team Description, and your Team's Fundraising Goal. If you had a team last year you will still need to enter your team's information.

To Join an Existing Team: Select 'join an existing team', enter the Team Name or Captain First/Last Name or just hit Search for a full list then select the team you'd like to join. Be sure you select a team associated with the Walk (April or October) you want to join.

To Join as an Individual: Select 'individual' (you can join any team later on if you'd like).

Instructions for all selections:

1. Enter your personal information.
2. Select and enter a username and password.
3. Enter additional information as requested.

Take time to customize your personal fundraising page. Here you can upload your own photos (a default photo will automatically appear), create a personal message or tell your story, and enable an online guest book for visitors to your page. If you need assistance uploading your photos, contact Charlene Cowell (info@hemophilia-nc.org) for more information.
