Dear Friend,

We are pleased to share with you information about the North Carolina 2016 Hemophilia Walks! This annual event is by far the largest hosted by both Hemophilia of North Carolina and National Hemophilia Foundation. Proceeds from this event go towards finding better treatments and cures for bleeding and clotting disorders, and to prevent the complications of these disorders through awareness, education, advocacy and research.

In 2016 we are continuing to host two walks in the state. Our second annual Charlotte area Walk will take place on Saturday, April 16, 2016 at 3rd Street & MLK Blvd. in Charlotte while our ninth annual Walk in Morrisville will take place at **Lake Crabtree County Park on Saturday October 15, 2016.**

Hemophilia of North Carolina has been assisting the bleeding disorders community in the state for over 40 years. Our vision is for all persons affected by bleeding disorders to achieve their full potential without barriers or limitations. We offer many programs and services to the community and encourage you to visit our web site at **www.hemophilia-nc.org** to learn more about the organization and how your support helps the local community.

Planning has already begun to make the 2016 North Carolina Hemophilia Walks an even greater success for our community. Please partner with us and support them as a local sponsor and join us at the Walks on April 16th and October 15th. Your participation will ensure that the enthusiasm and impact of Hemophilia of North Carolina will make **each step count** in an effort to improve the lives of thousands of families in our community, and millions across the country, who will benefit from your support and the success of the Walks.

Sincerely,

Charlene Cowell
